

# Easter Cross Witness

The Easter Cross Witness was created as a simple, but effective tool to witness the Risen Christ during the Easter Season. A cross is placed blank side out in your yard, close to your house, on Palm Sunday, March 28th. The cross is turned on Resurrection Sunday (Easter) to declare “He is Risen. . . and it is finished! It remains in your yard for one week after Easter the Easter Cross Witness was created to be a witness - not yard art or an Easter decoration. How wonderful it will be to see these crosses in yards all over Oklahoma City. Twenty different denominations have participated in the Easter Cross Witness in other cities. It is a powerful community witness.

**Buy 2, one for you and one for a friend!!**
